

What can you wonder with forest putty?

I wonder...

- How can you use your hands to change the shape of forest putty?
- What can you add to forest putty to change its scent?
- What can you add to forest putty to change how it feels?
- What can you stick into forest putty to create something new?
- How can you pretend with forest putty?

What can you wonder with boxes?

I wonder...

- How can you build with boxes?
- What (or who) can fit inside the boxes?
- How can you change the outside of the boxes?
- What other materials can you add to boxes to turn them into something new?
- How can you pretend with boxes?

What can you wonder with ribbon?

I wonder...

- What shapes can you make with ribbon?
- What can you wrap with ribbon?
- How can you move while holding ribbon?
- How can you make ribbon jump, dive, and twirl?
- How can you pretend with ribbon?

What can you wonder with nature treasures?

I wonder...

- How can you arrange these treasures?
- How can you build with treasures?
- How can you break these treasures into pieces?
- How can you stick these treasures together?
- How can you pretend with nature treasures?
